You decide what we use

Two separate permissions for Lakshmi Devi (Amma). Say yes to one, both, or neither.

Trips — [on]

We use Amma's home address, visit times and the companion's live location during a trip, so we can pick her up and keep you updated.

Health vault — [off]

We store Amma's reports, weight, BP and medicines. Only you and family you invite can see them. Companions never can.

ⓘ You can withdraw either permission anytime in Settings → Privacy. Read the full notice

Note from Ravi

11:55 AM

Amma was cheerful today. Session started 7:20 and finished on time. She had idli at the canteen after. Nurse asked us to bring the new blood report on Monday.
